## Highlights of February's Meeting

For February's meeting we had a wonderful defensive awareness briefing regarding computer security thanks to Michael Fischer from UT:ARL. This teaser from his bio says it all – Thank you Michael!

*Not like any threat briefing you've likely received before, this presentation was originally designed for the skeptic of the cyber security threat to your organization's systems, this threat assessment walks the audience through multiple real-world events as seen through the eyes of an intelligence analyst covering a DoD research facility. It is a threat briefing that shows what is happening at one facility, but could just as easily be happening at yours. Well received at other industry professional groups, this presentation will leave you more paranoid than you already about the state of security surrounding your information system's networks!*

Out of 47 attendees (including our speaker, Michael) we had several first time attendees and at least 5 guests. We hope you enjoyed yourselves and will be back again. Some important announcements were:

- Our Next Meeting is the Spring Social at Hula Hut's Pier Bar from 4:30-6:30 PM on Thursday, March 12<sup>th</sup>
- Our 13<sup>th</sup> Annual Golf Classic will be held May 20<sup>th</sup> at the Falconhead Golf Club (see the flyer on page 5)
- TRISC (Texas Regional Infrastructure Security Conference) – March 23-25. [www.TRISC.org](http://www.TRISC.org). Austin Chapter is a sponsor. ASIS members receive a discount on registration
- Assets Protection Course I – March 16-19, New Orleans - Diane R. Gallatin has been nominated by the Chapter for the Walsh Award to attend.
- Corporate Investigations: How to Conduct Proper and Effective Internal Investigations – March 30-31, 2009 in Alexandria, VA and June 15-16, 2009 in Denver, CO.
- We are still looking for volunteers for the following committees: CPP Review Study Course and Programs/Speakers – if interested please contact Chapter Chair **Mark Bennett, CPP, CSC** or Vice Chair **Laura Oswalt, CPP**.
- Current number of paid chapter members = 47.

Remember to RSVP for the Spring Social on Thursday, March 12<sup>th</sup> – Hula Hut Pier Bar from 5-7 PM.

---

## Chapter 179 Sponsors the IT Summit

Our ASIS chapter has been invited to sponsor The IT Summit at no cost. The IT Summit is the executive technology conference series coming to the Austin Convention Center on May 7, 2009. The purpose of the conference series is to support education, economic development, and the proliferation of information technology. Attendees are senior-level IT executives from government, education, and corporate. The event features a full day of presentations, networking, and demonstrations. Our members may attend at no cost to them.

The conference is directed by a union of senior technology leaders called the Governing Body. Current Governing Body members include:

- Dee Meador, CIO, Texas Workforce Commission
- John Cox, Deputy Associate Commissioner & CIO, Texas Education Agency
- George Rios, Director of IT, State of Texas Parks & Wildlife Department
- Gary Novosel, Sr. VP & CTO, Amplify Federal Credit Union
- Debbie Peterson, Director of IT, State of Texas Department of Aging and Disability Services
- Al Johnson, Information Systems Manager, Austin Police Department
- Elizabeth Gray, Director of IT, Austin Fire Department
- Ken Levine, Deputy Director, Sunset Commission

Interested in attending or exhibiting? See the flyer below and application on page 4.

**PARAMOUNTWORLDGROUP**

#### Who We Are:

Paramount World Group is the nation's premier IT event producer. We provide senior technology leaders with peer-to-peer engagement in condensed, content-centric formats. Our alliances offer collaboration between executives from government, educational institutions, economic development entities, finance organizations, major technology associations, healthcare providers and corporate enterprise. The results include education, knowledge exchange, and varied and unique relationship development opportunities for key thought leaders. We accomplish this by consulting with regional IT executives to determine the dominant technology themes in each market. This data is then deployed within each conference for the benefit of the region's technology leaders and organizations.

#### Producers of:

City of Los Angeles  
Technology & Education Summit

City of Denver  
Technology & Education Summit

Information Systems Security Association  
The Global Voice of Information Security  
Surviving These Times

#### Audience:

The audience will be made up primarily of C-Level IT Executives and their direct reports from all verticals including Government, Education, and Private Sector.

#### Averaged 2008 Attendees

**LOS ANGELES, CA**

#### Secured exhibits area

All open registration, sponsorship offerings, speaking opportunities and exhibit opportunities provided on a first-come first-served basis. Paramount World Group reserves the right to remove exhibit spaces prior to the conference.

## Employment Opportunities

Employment opportunities for senior security positions received prior to the publication deadline (15<sup>th</sup> of the Month) will be posted here.
